

The image shows the front of a silver car, likely a truck or heavy-duty vehicle, positioned on a blue hydraulic lift. The lift consists of blue metal arms with rollers that support the vehicle's tires. Two vertical silver hydraulic pistons are visible, extending from the floor to the underside of the car. The car's front features include a central grille with a honeycomb pattern, two round fog lights on the lower corners, and a larger headlight on the left. A white rectangular box with the text "SHR-Hydraulik" in blue is superimposed over the center of the image, partially covering the car's bumper and the lift's structure. The floor is a dark, worn concrete surface with some oil stains. A grey cable runs across the floor in the foreground.

**SHR-Hydraulik**
